OUR STORY.

The story goes back to 1987, when the passionate E/Shawky Almohamadein caught an eye on medical apparels during his visit to one of the well known hospitals in KSA.

Almohamadein with Agricultural engineering background and Egyptian roots, started to think of incorporating high-quality pure Egyptian cotton in manufacturing extraordinary medical wear to fulfil market needs while satisfying end-users with fashionable, convenient and comfy uniform to wear all the day long.

Almohamadein, with 8 machines and a business leader mindset, assembled his factory in Sharqia governorate, that was built to become the first specialized medical uniform manufacturer in Egypt with business capabilities that quality to export and serve foreign markets with high-quality apparels in terms of design durability, fabrics sustainability, and piece-of-art finishing.

Executing a well crafted business development plan.

Almohamadein fleet reached 400 machines and started product range differentiation to serve every entity that might need regular workuniform.

The know-how and hard work over the past 39 years paid-off well and

Almohamadein became a top supplier in more than 14 countries in Europe, USA, Gulf area, and Africa.

Out of development perspective and up-to-date mindset;

Almohamadein went for brand revamp and now we operate as **MEI**.
